SYDDANSK UNIVERSITET, ODENSE, 29-30 SEPTEMBER 2011

DSE ÅRSMØDET

ECSA-DK ANNUAL MEETING

*Convenor: University of Southern Denmark  
Organizers: Christilla Roederer-Rynning and Niels Lachmann*

The Danish Society for European Studies (DSE / ECSA-DK) and the Department of Political Science and Public Management at the University of Southern Denmark are pleased to invite to ECSA-DK's annual meeting, September 29<sup>th</sup> and 30<sup>th</sup> 2011 at the university's campus in Odense.

While the Lisbon Treaty has now become a reality, the EU still struggles to come out of the economic crisis and to develop reliable ways to build renewed confidence in the Euro. At the same time, events unfold in the Mediterranean region and the Middle East towards a process of democratization with transnational implications that raise a challenge to Europeans. In other words, global and regional developments require that European decision-makers provide collective solutions building on cultural, historical and political diversity.

True to tradition, we have invited an internationally renowned scholar to initiate our discussions of these events. This year, it is our great pleasure to have **Professor Berthold Rittberger**, Chair for International Politics at Ludwig-Maximilians-University Munich, as our keynote speaker. Professor Rittberger has done extensive work on processes of democratization within the EU, combining historical, sociological and political science perspectives in his research.
